(1) Letter No.5991 dated 11th June 1901 from the Offg: Senior Surgeon with the Government of Mysore.

In the above the Senior Surgeon requests that Assistant Surgeons be granted travelling allowances at the rates admissible to Assistant Commissioners viz. Batta Rs.4 per day. Mileage 8 annas per mile Vide Govt's Pro: No.8369-404/P&A.39-93 dated 20th January 1898.(Copy put up).
It is also stated in the Pro:Camp No.2364/73 dated 31st March 1887 quoted by the Senior Surgeon that the official rank of Assistant Surgeons corresponds to that of Assistant Commissioners.

From para 4 of Government Order No. Camp 2364-73 dated 31st March 1887 it is clear that the Assistant Surgeons are entitled to the same rate of travelling allowance and Batta as that allowed to Assistant Commissioners but in revising the scale of allowances in January 1898 (vide Pro: No.8369-404/P&A.39-93 dated

dated 20th January 1898) the grade of Assistant Surgeons was not taken into consideration apparently ~~by~~ by an oversight. The Senior Surgeon's proposal therefore deserves favourable consideration.

I am not sure that the omission was an oversight. But most of the officers of corresponding grades get 4 Rs. and 8 As. (Assistant Engineers and Assistant Commissioners by separate special orders) Unless the enhanced rates are considered too high all round for the corresponding classes of officers, it is difficult to see any reason for this exception.

I dont understand why the Mileage Daily batta of the Assistant Surgeons were not assimilated to ~~them~~ those allowed to Assistant Commissioners while it is admitted that the official rank of the former corresponds to that of Assistant Commissioner; Senior Surgeons proposal is reasonable and may

The Comptroller was written to and his reply (Letter No.3998/122 dated 11th December 1901) is herewith submitted. He was forwarded in original letters received from the Accountants General of Madras, Bombay and Bengal. These letters show that in British India, Assistant Surgeons are not paid the same rate of travelling allowances as are allowed to Assistant and Deputy Collectors, who hold positions similar to those of Assistant Commissioners in this State.

These questions will continue to be raised till a formal decision is given, The Medical Officers do not seem to be classed anywhere as on an equal footing with Revenue officers of similar standing(comparatively) Why not Government say once for all that the rates cannot be enhanced in the case of Assistant Surgeons- except perhaps that first class railway fare may be allowed?

The Assistant Commissioners seem to be treated here comparatively more liberally than in British India.

Intd. M.V.N.

11/1//1902.

The Hrd Councillor.

The rates of batta and mileage allowed by the Mysore Service Regulations to Assistant Surgeons are more liberal than those allowed either by the Madras, ~~Bangalore~~, Bengal or Bombay Governments. A change therefore can not commend itself to Government. However if the Dewan approves, this

Grade

officers
grade of ~~officials~~ may be allowed double first class fare while travelling by rail as suggested by the Secretary. This modification ~~would~~ will not affect the double 2nd class fares allowed to Sub Assistant Surgeons.

(7)

In ~~revising~~ raising the pay of Messrs. Sreenivasa Rao and Ramaswami-Iyengar to Rs.400-25-600. Government did not specify their status, though perhaps it is intended that it should be the same as that of the Civil Surgeons whose pay begins with Rs.400 This latter grade of officers is allowed daily batta and mileage of Rs.5 and annas 8 with double 1st class fare. The above named officers are entitled to the same rates or if they are considered high the Specialists may be granted Rs.4 as daily allowance, annas 8 as mileage and double 1st class railway fare similar to what Assistant Commissioners get.

Issue. No change required for Asst Surgeons - Sreenivasa Rao & Ramaswamy Iyengar may have four & a eight annas.

In this connection it is submitted that on ~~in connection with~~ the
